DETAILED ACTION

The Preliminary Amendment

The preliminary amendment filed on February 28, 2002 has been entered.

Election/Restrictions

Restriction is required under 35 U.S.C. § 121 and § 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule § 13.1.

In accordance with 37 CFR § 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1-10, drawn to a method of determining an adjusted color to be used for computing colorants for printing on a specified substrate.

Group II, claims 11-16, drawn to a method of determining the optical density of a printed colorant.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule § 13.1 because, under PCT Rule § 13.2, they lack the same or corresponding special technical features for the following reasons: The inventions are directed to methods to solve two different problems in connection with the reproduction of color, i.e. the influence of diffuse reflection and the effect of saturation when determining optical density. These problems are independent in the art of color reproduction and not linked to each other. Further, the solutions are independent and not linked to each other. Thus, there are no common or corresponding specific technical features as required by PCT Rule § 13.2 linking the groups of claims.

Art Unit: 2877

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR § 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR § 1.48(b) and by the fee required under 37 CFR § 1.17(i).
